**A RHYTHMIC CONCEPT
FOR FUNK / FUSION**

BASS

This book/CD set features 16 challenging original tunes in Funk/Fusion style by renowned Australian guitarist Peter O'Mara. Patrick Scales adds his ideas on musical interpretation to give the aspiring bassist an insight into the creative process from a professional's point of view. The tunes cover a variety of tempos and grooves and are presented using a real rhythm section: Patrick Scales, Christian Lettner and Peter O'Mara (from Klaus Doldinger's "Passport")

The audio play-along tracks are presented in an order of increasing complexity. CD 1 contains complete recordings of all instruments so that you can hear each instrument working together. CD 2 omits all bass tracks so that you can playalong with the rhythm section and also create your own basslines. Midifiles of all compositions are also included.
